

HOW TO UPDATE TECHLA 2.0 FROM USB KEY

COMMENT METTRE À JOUR À PARTIR D'UNE CLÉ USB

Be sure that the update file named "[techla2-update.tar.gz](#)" has been copied into an USB flash drive.

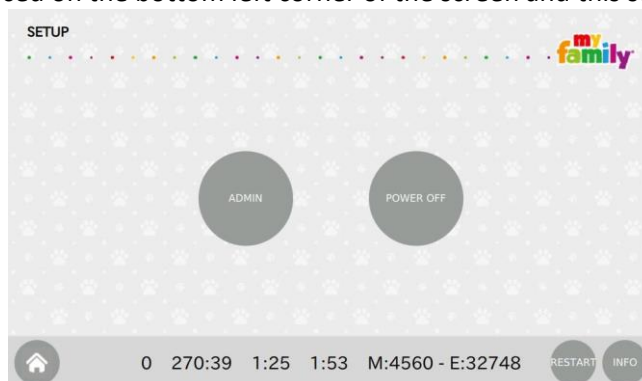

Mettre en marche la machine
Switch the machine **ON** and this screen will appear:

Appuyer
Press

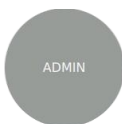

placed on the bottom left corner of the screen and this screen will appear:

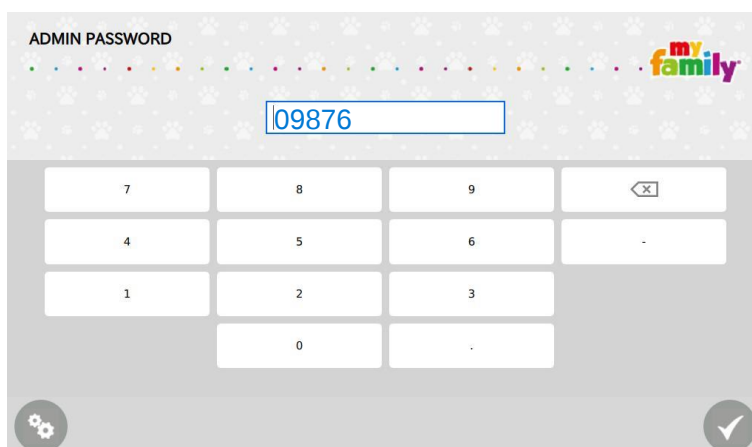

Appuyer

Press

button and this screen will appear:

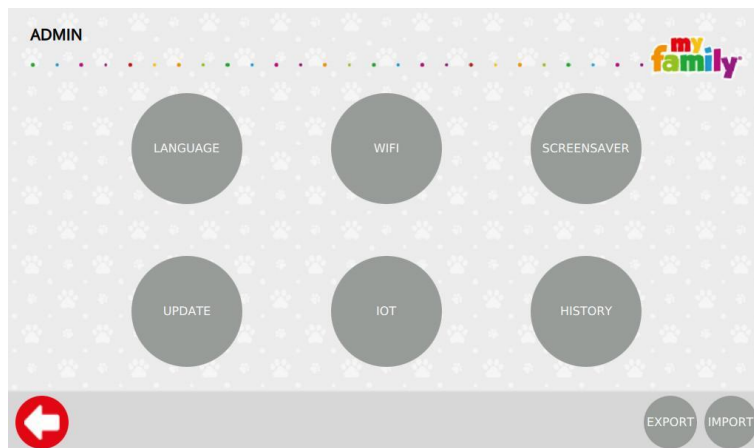

Insérer ce mot de passe et appuyer

Insert the password **09876**, press

and this screen will appear:

Plug the USB flash drive into the USB port placed in the frontal panel of machine:

Branchez votre
clé USB chargée

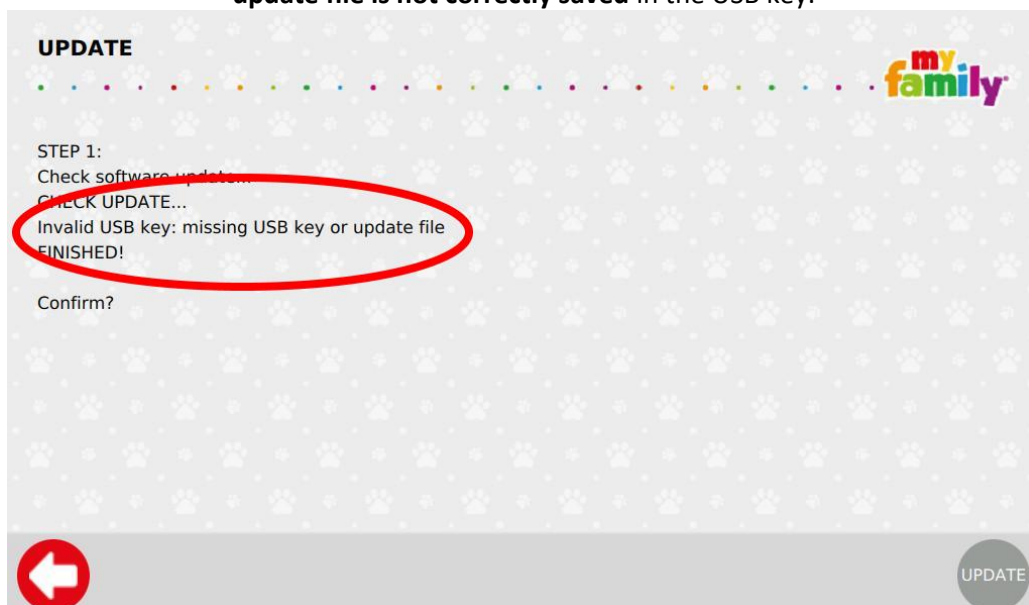

Appuyer

Press

MISE
UPDATE
A JOUR

button.

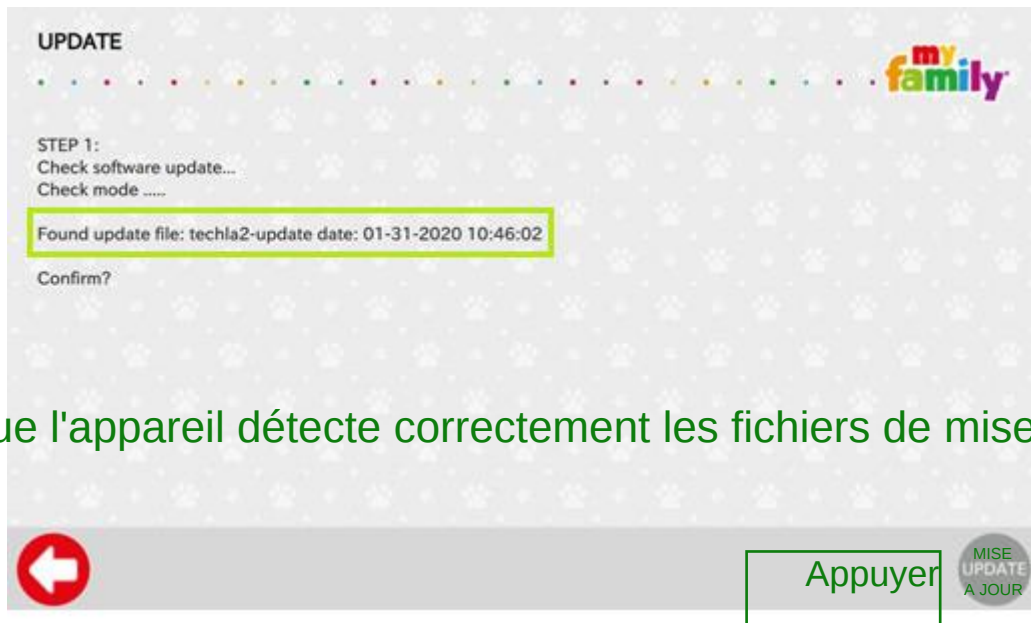

If the following screen appears it means that the USB key is not recognized by the Techla machine OR the update file is not correctly saved in the USB key:

Si vous voyez cet écran, appuyez sur la touche 'BACK'

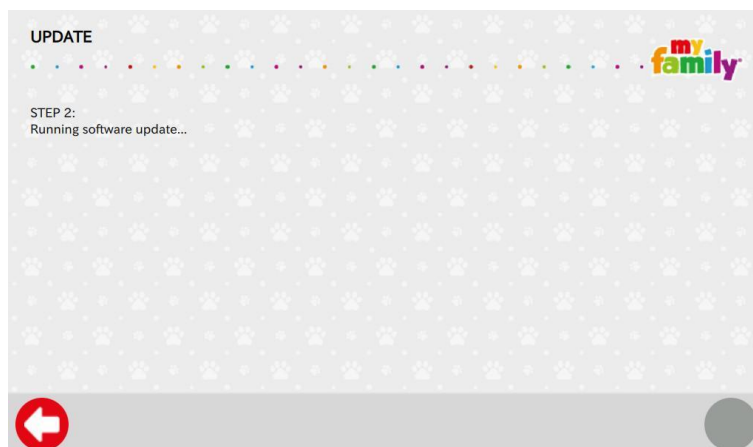

What to do → press  and press UPDATE again.

When the USB key and the file inside are correctly read by the machine, this screen will appear:

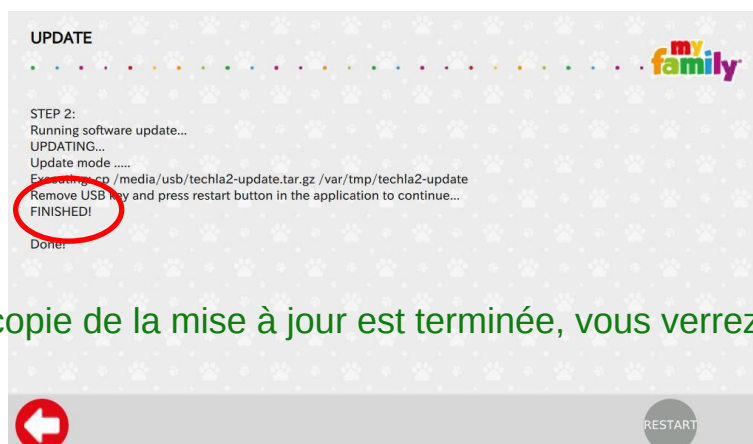

Lorsque l'appareil détecte correctement les fichiers de mise à jour,

Press  button placed on the bottom right corner of the screen and this screen will appear:

When the update will be finished this screen will appear:

Lorsque la copie de la mise à jour est terminée, vous verrez FINISHED!

Débrancher la clé USB

Now **remove** the **USB key** from the machine.

Appuyer

Press button placed on the bottom right.

The system will automatically boot again.

NE PAS ÉTEINDRE L'APPAREIL MÊME SI L'ÉCRAN EST NOIR!
DO NOT SWITCH THE MACHINE OFF EVEN IF THE SCREEN IS BLACK!

This booting operation takes more time than the normal booting process.

Le reboot prend plus de temps que d'habitude

When the home page appears, it means that the system is well updated!

Lorsque la page d'accueil s'affiche, la mise à jour est terminée.

Your Techla 2.0 is now updated!
